

## **Declaration of Freedom Letter**

Know all men by these presents that **We, Sovereign Free People**, extend greetings to all representatives, agents, and officers of all nations, and freely and voluntarily send the following message:

We are sending this letter and enclosed Declaration as a courtesy and for your information. You are receiving this because you are either a duly elected public servant, or are occupying a position created by an act of law or expediency. Please feel free to pass this letter and the enclosed Declaration along to whomever you may think would be interested in its contents. **We** would encourage all who read it to study it thoroughly. It comes from many years of study, research, and anguish. **We** have not made this decision lightly. **We** are fully aware of the implications, ramifications, and possible consequences. It flows from the pen of peaceful, freedom-loving, independent men and women that can see the recurring pattern that has plagued our people since first contact of the Europeans. **We** have come to believe that we must either acquiesce to the role of a slave, or take the path others have bravely traveled, often at enormous costs to themselves. **We** have chosen the more difficult path of identifying and challenging that which is contrary to our liberty and conscience.

The enclosed Declaration is not a legal document. The statements made in the Declaration are not a matter of law or legality. The statements made in the Declaration exist outside law promulgated by government. Our Declaration aver and attests to the Natural Law that binds all People and is the antecedent basis and justification for any other moral law. Just as ignorance of the law is no excuse, by this Declaration, ignorance of Our Sovereignty, our rights, and our liberty, is no excuse.

If **We** are to believe in the words of those who have come before us, espousing and proclaiming the ideas of liberty, then all men have by way of their birth, possess complete and perfect title to their person, liberty, property and happiness. Such men, seeking to form a government for their mutual benefit and binding only those who consent to its jurisdiction, cannot by right or morality bind other men to their will without the like consent of those who they seek to bind. The Declaration of Independence, and "**Magna Carta**" makes the proclamation that, "...deriving their just power from the consent of the governed. And should any government become destructive to these ends it shall be the right of the People to alter or abolish it..." That Declaration did not ask government to accept, acknowledge, or approve of that statement because it does not need acceptance, acknowledgement, or approval. It is simply a Declaration founded in truth, morality, and nature.

**We** have chosen to adopt the spirit of the **Magna Carta** in our Public Declaration of Sovereignty, Freedom, Expatriation, and Dissolution of all Previous Political and National Allegiance. **We** believe **We** have taken reasonable measures to question and challenge that which has been portrayed to us as law that binds us to perform certain duties prescribed by others with whom we have not chosen to represent us or act on our behalf. **We** are making known our Declaration as a peaceful overture to those who have taken liberties in prescribing the limits of our liberties, defining our rights, and restricting our freedom. **We** have grown weary of dissemblance, fraud, deceit, threats, and silence, proliferated by supposed "servants", elected and paid by the consenting governed, all to the detriment of those who either consent through will, or succumb through ignorance.

Please take note; **We** are not asking for permission; **We** are not seeking approval; **We** are not petitioning for acknowledgement, of Our Declaration. It will stand as our public proclamation in clarifying or correcting who **We** are, in relation to what government has presumed or deemed us as, **We** are Sovereign Free People of the Americas; it is our peaceful overture to all of Mankind as a reasonable, rational, and conscionable people; and it is our firm and true belief that absent our tacit or explicit consent, **We** have the right and power to conscript ourselves to, or remove ourself from, any power that acts in any manner whatsoever, in which case **We** consider the present national, federal, state, Provencial , and local governments to be inconsistent with our conscience, reason, or morality. Our Declaration is absolute, non-negotiable, and the supreme Law to which **We** morally bind ourselves.

Even though we subscribe to the teachings of Quan Yin and Gandhi, **We** will resist peacefully, at first, by merely refusing to act in a manner prescribed by arbitrary power, but if confronted with an attempt at coercion or compulsion, through force against our persons, **We** will resort to whatever means of self-preservation we may see fit to summon. As Thomas Jefferson said, “Resistance to Tyrants is obedience to God.” It is peaceful to refuse to act, but it is righteous to protect that which divinity has provided.

Unless a claim can be made that binds or subjects us to any presumed authority; arising from a document, contract, agreement, or oath, and which was made with our fully informed, voluntary consent, then **We** are subject to no governmental authority. If government requires the consent of the governed, then this Declaration contests the presumption of such consent. If **We** are to be subjected to arbitrary power against our will, then let the world know that such country does not represent freedom, and all living thereupon the land are not free. In either case, **We** will assert our independence and exercise our freedom in any manner consistent with our conscience and in opposition to any unnatural construct that would impose restrictions upon our moral exercise of liberty. If a claim is to be made, then publicly do so or let stand as truth, our Declaration.

**We** have made it known to the world and all mankind, our peaceful intentions, our thoughts, and our Declaration.

Yours in Peace and Liberty, or the uncertain consequences;

## **Public Declaration of Sovereignty and Freedom, Expatriation, and Dissolution of all Previous National and Political Allegiance**

In the course of a lifetime, when one discovers and submits to a truth that evinces at the confluence of all which is physical, spiritual, and reasonable in a natural world; and there find that which had previously been accepted as truth to be a yoke of ignorance and fear; and those who fitted the yoke, secured its place, and assigned its encumbrances, to be interlopers between would-be-beasts and sovereign beings. Thus, but one recourse presents itself in remedying the ignorance born from having accepted institutionalized sanctimony that perfunctorily acknowledges a Creator, yet compels servitude and obedience to earthly authority, with but one choice, that is, to claim a rightful place in this world which the Supreme Creator within has provided for all, as equals amongst all, rulers above none, sovereigns amongst sovereigns, and bound only by the moral duty to live the term of a life as peaceably and prosperously as possible at whatever trades deemed just and at no expense to any other.

**We** have met with such a truth, as **We** have come to know it, understand it, embrace it, and now choose to be ruled by it for the rest of our days. By the Creation Story, Law by clan Mothers and Natural Law.

**We**, commonly known and hereafter referred to as, **Sovereign Free People**, given the birth name and not in Capitus Dominutia by our natural parents, hereby make known to all members of Mankind, lovers of Liberty, children of Peace and the world; as well as tyrants, oppressors, usurpers, rulers, and presumed authority, the following Public Declaration.

Be it known that **We, Sovereign Free People**, are in full control of our physical and mental faculties.

Be it known that **We, Sovereign Free People**, make the following Declaration voluntarily, freely, and absent any outside influence, coercion, or duress.

Be it known that **We, Sovereign Free People**, accept full responsibility for our life and the actions taken in the exercise thereof.

Be it known that **We, Sovereign Free People**, are healthy, fit, of no physical or mental incapacity whatsoever, and are fully aware, educated, informed, and knowledgeable.

Be it known that **We, Sovereign Free People**, stand before our inner Creator; thankful for all of the power and freedom **We** possess as a consequence of our birth; and in doing so avow to submit to NO earthly authority, be it political, societal, or otherwise unnatural, and will with every fiber of our being resist to the death any attempt of conscription, recruitment, accountability, allegiance, obligation, submission, compliance, or subordination by any man, woman, person, or entity.

Be it known that **We, Sovereign Free People**, desire peace, tolerance, freedom, liberty, and accountability for ourselves and all mankind and that **We** will stand fast against any power, will, or force that may result in our transgressing from those principles.

Be it known that **We, Sovereign Free People**, believe and affirm that **We** are ultimately responsible for our actions in this life, subject to the Supreme Arbiter of the Universe, and as such will not allow others to guide or command us to act in ways inconsistent with our Conscience for which **We** will personally be held to account.

Be it known that **We, Sovereign Free People**, will submit only to the pains of punishment for transgressing upon the like rights, property, and liberty of free-born, natural beings. All other edicts, laws, regulations, or methods of control are disavowed and inconsequential in the exercise of our life.

Be it known that **We, Sovereign Free People**, hereby set forth the following statements in Declaring our Freedom and Sovereignty, claiming our Expatriation, and Dissolving all previous National and Political Allegiance:

**We** are all natural-born, independent, free men and women who, at the time of our birth, entered this world under the care of our natural parents and in full possession of all the rights, faculties, freedoms, and power **We** would ever possess for the term of our natural life.

**We** aver only to a natural world, and disavow constructs, artifices, and entities created by the mind and hand of man when such may deem to bind or subject us to any power exercised thereunder.

**We** understand, believe, and have come to know that there is NO power on this earth superior to the personal power endowed to us by our inner Creator. There may be superior force designed to compel our obedience and compliance, but such force, when exercised by unjust power, is nothing more than naked aggression, tyranny, and evil.

**We** reserve our natural right to exercise any and all means of self-defense with any and all modalities or devices at our disposal against any and all aggressors that may result in harm or death to ourselves or others who may assail any of us, or all of us.

**We** reserve our right to possess anything **We** may call "property", that **We** have acquired by our own just, peaceful efforts, and which may consist of any plant, animal, mineral, composition, machine, device, drug, weapon, or product; **We** may possess such for our own purposes, defined by our own intentions, and that which does not pose an immediate threat or harm to the life or property of another. Any attempt to deprive us of our "property" will be met with defense thereof to whatever extent necessary to preserve such.

**We** unequivocally declare that **We** are the Supreme earthly authority over our physical person; spiritually bound to our inner Creator, and subject only to the just adjudication by our own Creator for

all of our earthly transgressions. **We** are a Sovereign power unto ourselves, posing no threat whatsoever to the just exercise of the like Sovereignty of other autonomous, self-determinate People.

**We** admit to having submitted to the demands and will of others who exercised influence and authority over us, at times to our detriment, without our full informed consent; but rather out of intimidation, fear, and ignorance.

**We** do not acknowledge any authority, power, or jurisdiction as a consequence of our physical presence, wherever such may be claimed; nor submit to any of the aforementioned as a consequence of our actions in enjoying or exercising any of our natural rights in a peaceable manner.

**We** do not seek the consent, acknowledgement, approval, permission, or recognition of anybody or anything in our display of honor or obedience to our inner Creator; the manner in which **We** worship; or the actions we may take in the exercise of any and all gifts, blessings, freedom, or rights.

**We** believe **We** are bestowed by an inner guidance of our Supreme Oneness. **We** believe it is our right and duty to defend, with force if necessary, any intrusion or interference with our relationship with our inner Creator.

**We** have not adopted or accepted any definition of rights, liberty, freedoms, or identity promulgated by any earthly power. **We** have not attempted to enumerate any of our rights, as endowed by said inner Creator, for such a list would be too exhaustive to undertake and possibly construed by others to be a definitive list of our rights, which are indescribable, boundless, and beyond the comprehension of artificial constructs.

It is our belief and understanding that the man-made artifice known as "government", once served a purpose in effecting a consenting People's desire for the mutual protection of life, liberty, and property. It is our belief that government is an anachronistic relic of a time where circumstances induced people to trade Natural Rights for privileges and benefits derived from the Civil Power. It is our belief that a pattern exists where government no longer operates under the intended desire of consenting People for the mutual protection of life, liberty, and property, but has deviated to a course of abuse, violence, theft, deceit, fraud, and coercion; operating to the detriment of those who choose to not consent, and to the benefit of those who seek out government as a proxy for effecting the pursuit and furtherance of various self-interest.

**We** believe the ONLY legitimate function of government, of any kind, to be for the mutual benefit of those explicitly forming such government and submitting to its jurisdiction for the sole purpose of protecting life, liberty, and property. Any other action undertaken in the name of ANY government that is inconsistent with the aforesaid concepts is unjust, unlawful, repugnant, and non-binding upon any Sovereign and Free man or woman.

**We** believe that government is NOT sovereign; that sovereignty begins with the Inner Creator; is

bestowed to those it creates; and cannot be surrendered, waived, transferred, or assigned to any unnatural entity that may then possess sovereignty superior or equal to that which created it. Therefore, it is NOT possible for government to claim the status of a sovereign as compared to that of the People who choose to create such government.

**We** recognize and understand that government has organized and mobilized a force comprised of individuals who are armed, trained, and presumably empowered with "authority" to enforce laws, edicts, proclamations, rules, ordinances, and regulations in the name of "public safety", "national security", "common good", "police power", and other contrivances used to placate people into accepting an armed, standing presence designed to compel obedience and compliance. **We** recognize and understand that those individuals comprising this force are morally bound, obligated, and reasonable in adhering to the laws of nature and respecting the sovereignty of others. They are assumed to be reasonable and responsible for their individual actions. **We** therefore assume that any action taken upon them, against our life, liberty, or property, is purposeful, intentional, and deliberate. **We** will deem any action taken by them, against our life, liberty, or property, to be an act of aggression. **We** will defend with force to whatever degree and with any means at our disposal, and to whatever consequence possible, our life, liberty, and property against any and all actors exercising such force.

**We** do not believe that **We** are a citizen of any country, a statutory resident, a statutory person, a taxpayer, or any other creature, fiction, subject, or definition found in statutes, codes, ordinances, or anywhere else that does not recognize a natural, free-born person. This statement shall serve as our Declaration of Expatriation from the corporate governments of the world. **We** furthermore seek no benefit, exercise no privilege, pledge no allegiance, lend no support, do not swear to defend, nor otherwise submit ourselves to any authority or jurisdiction of the corporate government of any area of the globe.

**We** are not the holder of, in possession of, claim any property right to, nor accept as ours any Social Security Number, Status Number, Treaty Number, Taxpayer Identification Number, Drivers License Number, or other identifying number used in administering privileges and benefits by government. Any prior reference to such numbers was in error and ascribed to ignorance, and all such numbers, being the property of those agencies issuing such, are hereafter surrendered and rescinded.

Our names are not acknowledged in CAPITUS DOMINUTIA. **We** are not the holder of, in possession of, claim no property right to, nor accept as ours, any government issued or commercial document bearing a name in "CAPITUS DOMINUTIA". **We** do not acknowledge nor accept anything to represent our name if **We** have not affixed our signature as representing our name. **We** cannot be required, nor compelled, to affix our signature to anything against our will, under direction or demand of another, under threat, duress, or coercion. **We** do not claim to have a name, but **We** choose to use a name. Our name is our way of having others refer to our person or our title.

Any government issued, or commercial document, bearing a name in CAPITUS DOMINUTIA, does not reflect our name, since the name in CAPITUS DOMINUTIA was affixed to such documents by the issuing entity and are therefore not ours, but instead the property of the issuing entity. Any documents previously promulgated by government or commercial entities was done so under fraud, deceit, or

coercion and are not binding upon us. **We** will honor whatever contractual agreements we have made pursuant to our voluntarily affixing our signature to such documents, provided a substantiation for any lawful claim can withstand objections based on fraud, duress, or coercion.

**We** claim as ours, and ours alone, ALL of the products of our industry; arising from our labor and effort in our natural capacity, and thereby do NOT accept or acknowledge ANY obligation or duty, either morally or lawfully, to remit ANY tax or fee for whatever property, compensation, wage, or value **We** receive in the marketplace, through private contracts or trades, for the efforts or products resulting in the application of our physical, spiritual or mental labor.

**We** are not bound by ANY holding of ANY court where **We** were not a willing party to a case giving rise to such holding. NO court, or body of men, can define our rights; define our understanding of what is reasonable; define our understanding of privacy; or otherwise make any determination, define standards, or bind us to any other opinion not of our own.

**We** do not aver to the theory of submitting to the "will of the majority", "the betterment of society", "the greater good", or other contrived platitudes used to invoke emotion and circumvent logic in manipulating the will of the majority to compel and control the will of the individual. It is our belief that society cannot exist, absent fully autonomous, independent, and sovereign individuals who may choose to become a member of society through choice rather than being conscripted through coercion or fraud.

**We** hereby renounce, reject, disavow, rescind, and refute any and all prior express or implied allegiance to all nations and their subdivisions (as well as any other derivations of a "State of...", any political body, organization, association, or organized society that **We** have not purposefully, explicitly, and intentionally joined. **We** reject any and all citizenship of any and all jurisdictions found within the political boundaries under the control of, or defined as, Republics, Nation States, Kingdoms, Commonwealth, City States, Principalities, Duchy and any political body, subdivision or entity thereof.

**We** reject any and all previous applications and issuances of any and all licenses or permits for actions exercised by us of a personal, non-commercial nature. **We** hereby refuse to partake or engage in any scheme, program, plan, or mandate requiring our coerced participation, in violation of our free will. Any claim, conscription, adhesion, or duty under any previous license or permit is null and void.

**We** believe, as evidenced by the actions of any and all government that exists within the boundaries known by any name as stated herein above, that such government is antithetical to the concepts of life, liberty, and property for sovereign individuals. **We** believe such government is without lawful authority to act on behalf of anyone or anything against our person. **We** believe that such government has been shown to be violent, oppressive, deceitful, thieving, brutal, imperialistic, murderous, harmful, negligent, and contrary to our life, liberty and property. **We** believe that all such governments are not of our doing; and **We** refuse to participate or assist, in any manner whatsoever, in lending our energy, permission, power, property, or consent to such a creation. **We** believe that such government, as well as those who act under its authority against our life, liberty, and property, to be our spiritual opponent. **We** believe a state of conflict now, and for some time, exists between ourselves and "government". **We**

caution and admonish such government, as well as actors operating under the presumed authority of such, to cease, desist, and forgo any and all involvement with us;

**Sovereign Free People**, absent an explicit arrangement, agreement, contract, duty, or relationship made with our fully informed consent. **We** make this attempt at peaceful overture, as a reasonable, conscientious, peaceful, rational, and sentient being. Any refusal to accept, or act under, this peaceful overture will be deemed an act of aggression, tyranny, and violence towards us. **We** will defend, with like force, to whatever end, and with whatever means, our life, liberty, property, should we choose.

**We** believe that we have made every reasonable attempt humanly possible to make known our thoughts, beliefs, and actions; assert our position and identify ourselves to all as a reasonable, rational, conscientious, responsible, peaceful, and understanding natural persons. **We** have petitioned the government. **We** have sought the counsel of those who are deemed to be "learned" and with authority. **We** have studied and educated ourselves in the ways of morality, philosophy, law, and society. **We** have availed ourselves to the established system in good faith, adhering to established rules, and sought justice. **We** have been met with only threats, lies, violence, deceit, silence and injury. **We** can do no more, absent a peaceful Declaration, before being forced to resort to a revolt.

Be it know that **We, Sovereign Free People**, desire peace, respect life, and are willing to defend AT ALL COSTS that which is ours. **We** are first a child of our inner Creator, second an earthly sentient being, third a man/woman, fourth a member of our chosen society, and last a member of a political body. **We** will avail ourselves to protect and defend all just, righteous, and moral individuals who seek our aid in preserving their like life, liberty, and property.

**We** abhor ignorance, intolerance, violence, tyranny, oppression, apathy, aggression, and evil in whatever form, or acted upon in whatever name or authority. Our time on this earth is temporary and subject to the terms set forth by our inner Creator. **We** have but one duty, and that is to live in accordance with the conscience **We** are blessed with. As a result of such exercise, mankind and society will incur no burden on our behalf, suffer no injury, and be none diminished. All of our actions are voluntarily, purposeful, and wholly our responsibility. **We** claim no responsibility for the feelings, thoughts, or acts of others who make themselves subject to whatever external influence may be perceived by our autonomous actions. **We** believe **We** have a duty, as a condition of the bountiful gifts which our inner Creator has bestowed upon us, to avail ourselves to others who find comfort, value, and knowledge in our gifts and who seek to share in that bounty which we enjoy.

**We** will give charitably, generously, and graciously, as dictated by our will and capacity alone, and in whatever manner **We** deem fit for our own benefit.

Therefore, to a candid world be known that **We, Sovereign Free People**, having exhausted all reasonable means at our disposal to claim and assert our natural rights to self-determination, autonomy, sovereignty, and freedom; and as a last resort, make the aforesaid statement as our Public Declaration of Sovereignty and Freedom, Expatriation, and Dissolution of all Previous National and Political Allegiance; and will with all the power possessed by us through our inner Creator, swear that **We** will act and live according to the dictates of our conscience, in a reasonable, responsible, peaceable, and rational manner; will not do intentional harm to any other or their property; and be

accountable only to our inner Creator for our earthly transgressions, submitting ourselves to just atonement and compensation for any intentional acts against, or breaches of duty to, the life, liberty, or property of another., under our own laws.
