

**Rightful Heir
of the America's**

Letter of Demand

Be it known that all resources of every nature owed to the Heir of the Americas shall be forth-with deliniated and paid either in kind or other suitable and agreed to method from 1755 to date. Each resource and its estimated value in precious metals shall be submitted to the responsible parties, for which they know they owe, and shall make arrangements with the exchecker to submit their payments and avoid further action. Corporations masquerading as governments are equally responsible for stolen resources and continued coersion, fraud and deceit, this shall end!

Location of Payment shall be set forth by the relatives and people in the care of the Heir.

Natural and Clan Mother Laws strictly enforced by the relatives and Knights of the Rightful Heir of the Americas. Council of Elders shall determine when and if the responsible parties have sufficiently returned what was available to them, as much as is now possible without physical injury to themselves or others.

1. All land and its resources are wrongfully and illegally held by the Crown Corporation which does not really exist, and as such is fraudulent to the core, including its enforcement agencies; 2. All land and resources supposedly belonging to the Roman Catholic Church [the Vatican] are hereby forfeit for crimes against humanity including murder of children, and hundreds of years of physical, mental, emotional and environmental abuse. 3. Since this region is a landmass [continent] Admiralty Court does not apply to any commercial ventures, thus have no basis in reality; and no authority of any kind or character aganst anyone, whether a natural person or an association of many persons. 4. Authority is not derived from Corporations as they have no police power beyond the building in which it is housed; No Corporation pretending to be a government can nor ever shall be a sovereign power, only the real living people can be sovereign, and since they were all born Sovereign, and were not slaves, are not now. 5. All roads belong to the people just as do the rivers and trails, one cannot prevent travel thereon without breaking even more human rights; 6. All resources stolen will be confiscated by the parties affected, piracy by the corporate fake government shall be stopped.
