

Sovereign White Knights – Order of St. Germain

Frequently asked Questions and Answers

1. *Are you a secret society?*

We are not secret, that would violate our own tenets; The Sovereign White Knights were formed on Malta by the active Knights of many other Orders, Order of St. John, Order of St. Lazarus, Russian Order of Knights of Malta, Military Order, Order of St. George, Order of St. Michael, Order of the Elephant, Order of the Sacred Oak, Order of the White Eagle, the White Dragon Society of China, etc.

We are not coercive, we are sharing and cooperative in nature, we will help you if you will allow it, we will help all life on Earth with or without permission from governments; We allow you to have individual responsibility and self-government as Sovereign people. Members of this organization are not going to take the rash of bull-crap being spoon fed to the global public, and are no longer going to tolerate any form of enslavement or coercion, nor are we going to support war or the global military industrial complex, all people will be free to choose their own destiny as Sovereign Individuals.

2. *Is there a relationship between the White Knights and the Knights of Malta?*

This Order was started on Malta, by members of the other orders of the Knights of Malta, and sought to share with other organizations and other orders of Knights around the globe, we saw that White Knights were still respected by at least the Christian and Buddhists globally, but did not want to leave anyone out of this process of rebuilding our world, so we made it non-religious; we wanted them to evolve on a individual spiritual level so we urge all members to study Spiritual Alchemy and Esoteric Anthropology on their own. We will provide guidance when asked, but will not mandate it. We need to rid the world of constant fighting and bickering, adversarial thought patterns and constant war or threat of war; so we made it non-military or non-militant, having a Patron [Monarchical Backer for entitlements and appointments]. As per Winter Solstice 2016 we abandoned all levels, meaning All are Knights among Knights, Par Inter Pares, hoping many more groups of Kind-Man will reach same.

3. *We have Principles and Tenets to live by, no Religious Dogma.*

The primary Tenets are:

1. Unconditional Love for all life [no judgement, total tolerance, re-education when needed and requested],
2. Integrity [no passing out things or statements that have not been fully vetted, no lying or leaving out the truth of any matter [Novels are exceptions as are motion pictures], news and journalism however should not present propaganda for or against anyone or thing, all journalism should be reliable and honest],
3. Transparency [No secrets, everything exposed, no need for security or insanity, no need to control or hoard, everything in plain site].
4. Accountability [What we say we will do, we accomplish, if we cannot do it, we will say we cannot do it. We will in all important matters be individually responsible for all of our actions and words],
5. Humility [We are not more or less important than any other living entity, whether sentient or not, we will not lord over others, and will not exert ego into any situation, only our advice for consideration based on experience, and only in a loving and compassionate way].

4. *Do you have a MASTER?*

No individual should have a master, you best 'master' self as Self. Order of St. Germain means that we will follow the guidance of the Ascended Master (be it fact or fiction, for each to decide) in ways that will allow mankind to progress on their journey through life without interference or blockades, to thrive, to understand that they are Divine entities and learn to use their individual power for themselves and for the universe around them. To learn accept the universal or cosmic knowledge that is available to them, and to make a more perfect world for all to share and be in a state of joy and compassion for all the life around them, including, but not limited to Earth and the other planets. But we will never make this a religion or enforce it in any dogmatic way.

5. *Do White Knights work together with governments?*

Yes, we even cooperate with NATION STATE CORPORATIONS, if that done be for the good of all. Surely we (all) wish see a change, from a SYSTEM of ENFORCING DEAD PERSONS to a cooperative based on Expression of Free Will, where each Sovereign individual will support the other, where Abundance be Shared Freely without asking any-thing in return, Living Man to Living Man. We acknowledge the current system started with good intention, to 'uplift'

humanity in a short period of time, we are grateful for its accomplishments, however, as most initiatives, this as well got CORRUPTED. For the good of humanity and its environment, it needs stop and be replaced, so be it.

6. *What is your wish list for 'change' from current 'governments'?*

1. Free all political prisoners and allow all people to be Sovereign.
2. To eliminate Central Banking as they have it now and arrest all the criminals that have been stealing from the people and the planet.
3. Reverse or eliminate all regulations and laws governing the freedom of movement, expression, speech, sharing and work environment, including any laws concerning wealth or money exchange, provisioning, or employment.
4. Eliminate the Military Industrial complex and change its assets to serve mankind, eliminate all military activities and cease any and all wars they may be involved in or are in planning.
5. Adopt a open SYSTEM to support sharing of resources on a global scale in an honest and efficient way.
6. Drop all regulations and laws concerning living plant prohibitions or licensing, taxation or restrictions.
7. Make housing, electricity, basic foods, and medicine free for all humanity and animals.
8. No charge for clean water, clean air, sanitation, medical treatment, education, essential nutrients, heating and cooling, liveable environment and some recreation, free internet and communication for all.
9. No more charging interest on human resources, no more property ownership, we are stewards of the land and share its bounties, not its owners, and we must keep our word as good stewards and clean and keep mother earth bountiful and beautiful for all life.
- 10.No backsliding and reinforcing the old paradigm, change or parish by your own hand.
- 11.No more fat cats or politicians, tell the truth to the people, all of it, no more hoarding of resources or distribution to the select few, all are equal.
- 12.Let the new energy children teach the older people how to live in peace, love and compassion, they have already tapped the cosmic knowledge and think with their feelings, they can teach the old paradigm how to do the same.

To indicate that we are only affiliated with Knights of Malta by name only and that it was the point of origin, we changed the cross to represent the sacred geometry of the hexagram and the twelve points to represent the 12 strands of DNA, and have 5 levels of membership indicating 5th density, thus $5 \times 12 = 60$ codons. Plus 4 for fourth density.

We changed the colour of the vestments to sky blue and white cross, the sword is now a letter opener and pen set, no chain to indicate enslavement, no spurs to indicate military, a belt only to indicate to hold the tenets close.
